Report:

In celebration of Ganesh Chaturthi, the **ECO-CLUB** at **TIAS** organized the event "**Eco-Conscious Ganesh Chaturthi: Tradition Meets Sustainability**" on 25th Sept 2021. This initiative aimed to honor the rich cultural traditions associated with the festival while promoting environmentally friendly practices. The event sought to raise awareness about the ecological impacts of traditional celebrations and to inspire community members to adopt sustainable alternatives.

Participants attended session where they learned to create beautiful decorations using natural materials, such as leaves, flowers, and recycled items. This session emphasized creativity while minimizing waste, showcasing how traditional decorations could be reimaged in an eco-friendly manner.

Informative sessions led by environmental experts addressed the significance of **Ganesh Chaturthi** and the need for sustainable practices. Attendees learned about the environmental consequences of using idols made from non-biodegradable materials and the importance of choosing clay or natural alternatives.

The "**Eco-Conscious Ganesh Chaturthi: Tradition Meets Sustainability**" event was a resounding success, engaging the community in meaningful activities that celebrated cultural heritage while promoting environmental consciousness. Participants left with a deeper understanding of how they can contribute to a healthier planet while honoring their traditions.

The commitment demonstrated by community members to adopt eco-friendly practices marked a significant step toward sustainable celebrations. The **ECO-CLUB** remains dedicated to promoting environmental awareness and will continue to organize events that inspire positive change in the community. Together, we can ensure that our celebrations reflect not only joy and devotion but also a profound respect for the environment.
