Overall Band Score

Overall		6.5	Competent User	The test taker has an effective command of the language despite some inaccuracies, inappropriate usage and misunderstandings. They can use and understand fairly complex language, particularly in familiar situations.
Test	Score	Your result explained		
Listening	7.0	<p>Test takers at Band 7 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex.</p>		
		<p>Test takers at Band 6 can typically deal with a range of factual and opinion-based texts that may be relatively complex and dense with information. They are good at using their vocabulary knowledge to create meaning, both within and across sentences, on a range of general topics and some specialised ones. They can understand implied meanings, and have some ability to understand somewhat complex opinions and arguments. They can generally use reading strategies such as skimming and scanning, and can generally synthesize information and draw inferences.</p>		
Reading	6.0	<p>Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.</p>		
Speaking	6.0	<p>Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.</p>		

Writing	6.0	<p>Test takers at this band can typically address all parts of the question, some more fully than others. (AC) They can give an overview. (GT) The letter has a generally clear purpose; the tone is sometimes not consistent. Key features and bullet points are covered. The point of view and main ideas are relevant but the conclusion(s) may be unclear. Some details might be irrelevant or wrong. Test takers can arrange their ideas logically, so that the writing has a clear progression from start to finish. They are able to use some linking words well, but others with mistakes. They can paragraph their Task 2 writing, although not always logically. They have enough vocabulary to answer the question. They try to use some less common words. They make some spelling mistakes, but the reader can still understand. They can write a mix of simple and complex sentences. The grammar and punctuation mistakes do not usually cause difficulty for the reader.</p>	<p>Practice writing to give information and make arguments. Make sure you cover all the points that need to be covered, providing supporting ideas and details. Reread your work and see if you can make your points clearer. Is the ordering of your ideas logical? Sometimes, rearranging them can make things clearer. You can also try joining up or separating sentences, using the right connecting devices, and changing where you divide your paragraphs. Continue to develop your vocabulary. Words can be similar in meaning but differ in formality, in their tone, and in their implications. Focus on learning the best words to use for the writing task, the situation, and what you want to say. Challenge yourself by producing sentences that are more complex. If you make mistakes with them, don't worry too much; just check and see how you can fix them.</p>

Management Aptitude Test and Test Scores

1. The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2. MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
3. All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4. The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8. All scores and percentile below figures are reported after rounding off to the nearest whole number.
9. Personal data is as reported by the candidate.
10. The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to rectify the same at a later stage.
11. Normalised scores across multi session papers are based on the relative performance of all those who appeared for the examination. The raw marks obtained are transformed into Normalised Score. For detailed procedure on Normalised Score , please visit website <https://resources.aima.in/event-uploaded-file/mat-score-and-its-interpretation.pdf>

- The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw marks) that candidate in that session.
- The NTA scores of a Candidate have been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$$
NTA score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.
- Candidates having same Score are listed in a chronological (ascending) order as per their date of birth.
- Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. if there are two candidates at Merit2, Merit 3 would not be awarded to the next candidate but Merit 4 would be given.
- The admission authorities are advised to use NTA score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.
- Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.
- The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.

Management Aptitude Test and Test Scores

1. The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2. MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
3. All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4. The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8. All scores and percentile below figures are reported after rounding off to the nearest whole number.
9. Personal data is as reported by the candidate.
10. The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to rectify the same at a later stage.
11. Normalised scores across multi session papers are based on the relative performance of all those who appeared for the examination. The raw marks obtained are transformed into Normalised Score. For detailed procedure on Normalised Score , please visit website <https://resources.aima.in/event-uploaded-file/mat-score-and-its-interpretation.pdf>
