#### Subject: - Green Campus Initiatives: Vertical Garden

In line with our commitment to promoting environmental sustainability and enhancing the green cover on our campus, we are excited to announce the launch of the **Green Campus Initiative**. As part of this initiative, we will be focusing on the development and implementation of a **Vertical Garden** within the campus grounds.

A communication is circulated on the above said subject matter, that competition be conducted to create awareness among the students of all programs through active participation of volunteers of Eco clubs to prepare the vertical garden the campus.

We believe that each individual can make a difference when it comes to protecting our planet, and your participation in this initiative will be invaluable. Together, we can create a more sustainable and vibrant campus for future generations. The Plantation on the campus to be conducted on 10.09.2019.

Pursuant to above, all the Institute students, faculty and staff are hereby sensitized to participate in eco-friendly environment initiative of the Institute to sustain and improve the environment and the air quality to make country healthy by adopting fireless cooking.

## REPORT

In line with its commitment to environmental sustainability and green campus initiatives, the Eco Club of Tecnia Institute of Advanced Studies (TIAS) organized a "Vertical Garden" project on 10th September, 2019, at the TIAS campus. This initiative aimed to enhance the aesthetics of the campus while contributing to the environment by promoting greenery in an innovative and space-efficient way. The vertical garden not only helped improve the air quality but also raised awareness about the importance of sustainable practices in urban spaces.

### Objectives of the Event:

The primary objectives of the "Vertical Garden" initiative were:

1. To introduce an innovative solution for creating green spaces in urban environments with limited space.
2. To promote sustainability by encouraging the use of vertical gardening as a way to improve air quality and reduce carbon footprints.
3. To raise awareness among students and staff about the importance of green spaces and the role of plants in enhancing the quality of life.
4. To create a visually appealing, eco-friendly atmosphere on campus that would inspire other institutions to adopt similar green initiatives.

### Event Highlights:

1. **Inception of the Vertical Garden:** The Eco Club members, along with students and faculty, worked together to design and build the vertical garden at a prominent area on the TIAS campus. The chosen location, a wall at the entrance of the campus, was ideal for showcasing the beauty of the plants and creating an inviting atmosphere for visitors and students. The vertical garden was designed using sustainable methods, incorporating repurposed materials like wooden pallets, bottles, and other recycled objects to build the framework.
2. **Hands-On Participation:** The event was designed to be hands-on, allowing participants to directly engage with the process of creating the vertical garden. Students were encouraged to plant, arrange, and decorate the garden, giving them a sense of ownership and pride in

  
Coordinator  
Internal Quality Assessment Cell (IQAC)  
Tecnia Institute of Advanced Studies  
New Delhi-110085

the outcome. Many volunteers took up the task of watering the plants, ensuring their growth and sustainability, and promising to take care of the garden in the long term.

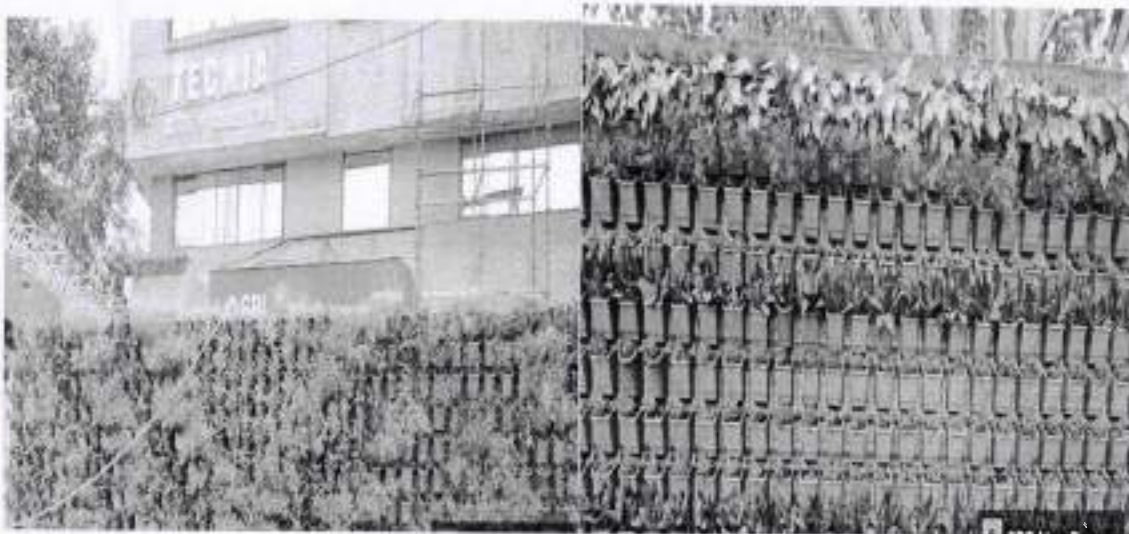

3. **Post-Event Care and Maintenance:** After the installation of the vertical garden, the Eco Club initiated a schedule for regular maintenance. Volunteers from the Eco Club were assigned to water the plants, ensure proper sunlight, and take care of the garden, ensuring that the plants flourished and remained a beautiful addition to the campus.

### Conclusion:

The "Vertical Garden" initiative organized by the Eco Club of Tecnia Institute of Advanced Studies on 10th September 2019 was a great success. Through creativity, collaboration, and hands-on involvement, the event transformed a simple idea into a thriving green space on campus. It not only beautified the TIAS campus but also contributed to environmental sustainability by promoting the importance of green spaces in urban areas. The initiative serves as an inspiring example for students, faculty, and the local community, showing how even small efforts can lead to significant positive impacts on the environment.

## OBJECTIVES OF THE EVENT:

- To create awareness about the nutritional value of food cooked without flame, the necessity and advantages of healthy eating and to encourage everyone to stay away from the junk food.
- To understand the importance of good hygiene.
- To understand the importance of healthy food

## REPORT

An event "Fireless cooking" was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 22 January, 2021. TIAS propagated Eco Club under the aegis of Department of Environment, Government of NCT of Delhi, which is accountable for edifying the overall Environmental Quality and has been entrusted for overall environmental assessment, monitoring, protection and awareness among the people of Delhi.

Institute's Eco Clubs is playing an Important role in creating environmental awareness amongst the future generation. To create awareness among students TIAS Eco Club organized an event "Fireless cooking". The aim of the competition was to provide a platform for students to showcase their talent and explore new areas of interest. It was organized by Dr Kirti Miglani. Dr. Miglani encouraged students to participate in the competition. The participants prepared healthy dishes like Sandwiches, Salad, Cakes, Lemonade and many more using easy and quick recipes. They showed their dishes in an artistic and aesthetic way virtually which was most appealing.

## OBJECTIVES OF THE EVENT:

- To raise awareness about the importance of trees and plants in maintaining ecological balance and promoting environmental sustainability.
- To enhance the green cover of the campus, making the surroundings more aesthetically pleasing and environmentally friendly.
- To encourage students and faculty to take responsibility for the environment and contribute to mitigating climate change.
- To foster a sense of ownership and pride in maintaining the green spaces on campus.

## REPORT

On 10<sup>th</sup> February, 2021 the Eco Club of Technia Institute of Advanced Studies (TIAS) organized a **Plantation Drive** as part of its ongoing efforts to promote environmental sustainability and awareness. The event aimed to encourage students and staff to actively contribute in the preservation of nature through the planting of trees on the TIAS campus. The plantation drive also served to highlight the importance of greenery and how trees play a vital role in combating climate change, improving air quality, and enhancing the overall well-being of the campus community.

The event began at 10:00 AM with an opening speech by the President of the Eco Club, who emphasized the importance of protecting the environment and the direct role trees play in maintaining ecological balance. After the speech, the participants were divided into small groups and assigned specific areas around the campus for planting.

The saplings planted included various types of indigenous plants and trees, selected for their environmental benefits such as purifying the air, providing shade, and supporting local wildlife. The participants carefully planted the trees, ensuring that each sapling was properly watered and protected. Special care was taken to place the plants in areas where they would receive adequate sunlight and have sufficient space to grow.

During the plantation drive, participants also cleaned the areas around the planting sites, ensuring that the environment remained free of litter and waste. Once the plantation activity was complete, a team of volunteers took responsibility for regularly watering and maintaining the newly planted saplings.

**Report:**

Tecnia Institute of Advanced Studies (TIAS) organized an impactful E-Waste Management Drive at the reception area of the campus on 10<sup>th</sup> January, 2022. The drive aimed at raising awareness about the growing issue of electronic waste (e-waste) and to encourage students, faculty, and staff to contribute towards responsible disposal of electronic waste. The event sought to promote environmental sustainability, educate the community about the dangers of improper e-waste disposal, and provide a safe way to dispose of unwanted electronic devices. Various types of e-waste, including old mobile phones, laptops, chargers, headphones, batteries, and other electronic gadgets, were collected. The collected items send to donate the needy people and rest of the items send in the Organization for Eco Care for proper disposal. Participants were encouraged to bring their unused or broken electronics to be disposed of in an environmentally friendly manner. The E-Waste Management Drive organized by Tecnia Institute of Advanced

	<p>Studies on 10<sup>th</sup> January, 2022, was a great success. It not only facilitated the proper disposal of electronic waste but also raised awareness about the environmental and health hazards associated with improper e-waste management. The event reflected the institution's commitment to promoting sustainability and eco-consciousness within the campus community. With the continued success of such initiatives, TIAS aims to further contribute to the global efforts of managing e-waste responsibly and sustainably.</p> <p><b>Acknowledgments:</b></p> <p>The event organizers express their gratitude to all participants, volunteers, and faculty members who contributed to the success of the drive.</p>

## CIRCULAR

**Subject: - Green Campus Initiative: Plantation Drive**

In order to promote Green Campus Initiative to protect our environment and to spread the importance of trees in sustaining life on Earth among the students and to educate them about environmental issues such as air pollution and climate change.

A communication is circulated on the above said subject matter, that tree plantation and distribution drive be conducted to create awareness among the students of all programs through active participation of volunteers of Eco Club and NSS and similar other clubs to conduct Green Campus Initiative campaign as to promote "Green" and help youth to express their views and thoughts about various environmental issues and remedies to eradicate the same. Tree Plantation and distribution drive inside the campus area and the surroundings for students to participate and educate them about importance of trees in sustaining life on Earth and the global effort of environmental conservation between 9<sup>th</sup> May, 2022.

Pursuant to above, all the Institute students, faculty and staff are hereby sensitized to participate in the Green Campus Initiatives of the Institute to sustain and improve the environment and the air quality to make country green by planting and distributing trees.

- To raise awareness about the importance of trees and plants in maintaining ecological balance and promoting environmental sustainability.
- To enhance the green cover of the campus, making the surroundings more aesthetically pleasing and environmentally friendly.
- To encourage students and faculty to take responsibility for the environment and contribute to mitigating climate change.
- To foster a sense of ownership and pride in maintaining the green spaces on campus.

## REPORT

On 9th May, 2022, the Eco Club of Tecnia Institute of Advanced Studies (TIAS) organized a **Plantation Drive** as part of its ongoing efforts to promote environmental sustainability and awareness. The event aimed to encourage students and staff to actively contribute to the preservation of nature through the planting of trees on the TIAS campus. The plantation drive also served to highlight the importance of greenery and how trees play a vital role in combating climate change, improving air quality, and enhancing the overall well-being of the campus community.

The event began at 10:00 AM with an opening speech by the President of the Eco Club, who emphasized the importance of protecting the environment and the direct role trees play in maintaining ecological balance. After the speech, the participants were divided into small groups and assigned specific areas around the campus for planting.

The saplings planted included various types of indigenous plants and trees, selected for their environmental benefits such as purifying the air, providing shade, and supporting local wildlife. The participants carefully planted the trees, ensuring that each sapling was properly watered and protected. Special care was taken to place the plants in areas where they would receive adequate sunlight and have sufficient space to grow.

During the plantation drive, participants also cleaned the areas around the planting sites, ensuring that the environment remained free of litter and waste. Once the plantation activity was complete, a team of volunteers took responsibility for regularly watering and maintaining the newly planted saplings.

**Caption: Students Participated in Clean-Up Drive**

**Report:**

On 1<sup>st</sup> October, 2022, the Eco Club of Technia Institute of Advanced Studies (TIAS) successfully conducted a campus-wide Clean-Up Drive to raise awareness about environmental conservation and promote sustainable practices among students and faculty. The event was organized with the goal of instilling a sense of responsibility towards the environment while ensuring the cleanliness of the TIAS campus.

The Clean-Up Drive commenced at 10.00 AM with an opening speech by the Eco Club president, who highlighted the importance of maintaining a clean and green environment. The volunteers were then divided into small groups, each assigned a specific section of the campus, including pathways, gardens, classrooms, parking lots, and common areas.

Each group was responsible for collecting litter, sorting it into biodegradable and non-biodegradable waste, and disposing of it appropriately. Special attention was given to recyclable materials such as plastic bottles, paper, and cans, which were segregated for proper recycling. The volunteers actively participated, demonstrating a high level of enthusiasm and dedication. Students and staff members worked

	<p>together, picking up litter, wiping down surfaces, and organizing the waste into designated bins</p> <p>The Clean-Up Drive organized by the Eco Club of TIAS was a resounding success. It not only contributed to a cleaner and more beautiful campus but also promoted environmental awareness and sustainability among the students and staff</p>

Caption: MOU of Disposal of E-Waste Collection

<p><b>Report:</b></p>	<p>Tecnia Institute of Advanced Studies (TIAS) organized an impactful E-Waste Management Drive at the reception area of the campus on 25<sup>th</sup> January, 2023. The drive aimed at raising awareness about the growing issue of electronic waste (e-waste) and to encourage students, faculty, and staff to contribute towards responsible disposal of electronic waste. The event sought to promote environmental sustainability, educate the community about the dangers of improper e-waste disposal, and provide a safe way to dispose of unwanted electronic devices. Various types of e-waste, including old mobile phones, laptops, chargers, headphones, batteries, and other electronic gadgets, were collected. The collected items send to donate the needy people and rest of the items send to the Organization for Eco Care for proper disposal. Participants were encouraged to bring their unused or broken electronics to be disposed of in an environmentally friendly manner. The E-Waste Management Drive organized by Tecnia Institute of Advanced Studies on 25<sup>th</sup> January, 2023, was a great success. It not only facilitated the proper disposal of electronic waste but also raised awareness about the environmental and health hazards associated with improper e-waste management. The event reflected the institution's commitment to promoting sustainability and eco-consciousness within the campus community. With the continued success of such initiatives, TIAS aims to further contribute to the global efforts of managing e-waste responsibly and sustainably.</p> <p><b>Acknowledgments:</b></p> <p>The event organizers express their gratitude to all participants, volunteers, and faculty members who contributed to the success of the drive.</p>

Caption: Inauguration ceremony of Tree Plantation and Tree Distribution Drive

<p><b>Report:</b></p>	<p>The Eco Club of Tecnia Institute of Advanced Studies (TIAS) launched a Tree Plantation and Tree Distribution Drive from 9th May 2023 to 5th June 2023 as part of the institute's ongoing commitment to environmental sustainability and creating a greener campus. The initiative was aimed at increasing awareness about the importance of trees in combating climate change, improving air quality, and contributing to biodiversity conservation. The initiative not only increased the green cover on the TIAS campus but also engaged students and the local community in meaningful environmental actions.</p> <p>Through the efforts of the Eco Club, more than 700 trees were planted and distributed, marking a significant contribution to the environment. The drive fostered a greater sense of environmental stewardship among the participants and highlighted the importance of individual contributions to creating a sustainable future.</p> <p>The Eco Club looks forward to continuing its commitment to sustainability through similar initiatives and is dedicated to maintaining the trees planted during the drive, ensuring their growth and long-term benefits to the campus and surrounding community.</p>

**Report:**

On 4th December 2023, the Eco Club of Tecnia Institute of Advanced Studies (TIAS) successfully conducted a campus-wide Clean-Up Drive to raise awareness about environmental conservation and promote sustainable practices among students and faculty. The event was organized with the goal of instilling a sense of responsibility towards the environment while ensuring the cleanliness of the TIAS campus.

The Clean-Up Drive commenced at 10:00 AM with an opening speech by the Eco Club president, who highlighted the importance of maintaining a clean and green environment. The volunteers were then divided into small groups, each assigned a specific section of the campus, including pathways, gardens, classrooms, parking lots, and common areas.

Each group was responsible for collecting litter, sorting it into biodegradable and non-biodegradable waste, and disposing of it appropriately. Special attention was given to recyclable materials such as plastic bottles, paper, and cans, which were segregated for proper recycling. The volunteers actively participated, demonstrating a high level of enthusiasm and dedication. Students and staff members worked together, picking up litter, wiping down surfaces, and organizing the waste into designated bins.

The Clean-Up Drive organized by the Eco Club of

	TIAS was a resounding success. It not only contributed to a cleaner and more beautiful campus but also promoted environmental awareness and sustainability among the students and staff

**Report:**

Tecnia Institute of Advanced Studies (TIAS) organized an impactful E-Waste Management Drive at the reception area of the campus on 10th January 2024. The drive aimed at raising awareness about the growing issue of electronic waste (e-waste) and to encourage students, faculty, and staff to contribute towards responsible disposal of electronic waste. The event sought to promote environmental sustainability, educate the community about the dangers of improper e-waste disposal, and provide a safe way to dispose of unwanted electronic devices. Various types of e-waste, including old mobile phones, laptops, chargers, headphones, batteries, and other electronic gadgets, were collected. The collected items send to donate the needy people and rest of the items send to the Organization for Eco Care for proper disposal. Participants were encouraged to bring their unused or broken electronics to be disposed of in an environmentally friendly manner. The E-Waste Management Drive organized by Tecnia Institute of Advanced

	<p>Studies on 10th January, 2024, was a great success. It not only facilitated the proper disposal of electronic waste but also raised awareness about the environmental and health hazards associated with improper e-waste management. The event reflected the institution's commitment to promoting sustainability and eco-consciousness within the campus community. With the continued success of such initiatives, TIAS aims to further contribute to the global efforts of managing e-waste responsibly and sustainably.</p> <p><b>Acknowledgments:</b></p> <p>The event organizers express their gratitude to all participants, volunteers, and faculty members who contributed to the success of the drive.</p>
