Sub: Appreciation Letter

Dear Sir

On behalf of the Tecnia Institute of Advanced Studies, I would like to express our appreciation to you for the accepting our invitation as a Speaker for three hour Workshop on 'Analyzing any Balance Sheet in just 30 seconds'

We sincerely acknowledge your promptness in taking time out and discussing with the students a relevant subject.

It was extremely informative, and the students' participation illustrated the importance and relevancy of the workshop. The overwhelming positive response by the students is an apt testimony to the content and presentation of an intricate subject in a very interesting and enticing manner.

Once again, thank you for making the workshop successful, and we hope for your continued support.

Sincerely,

Dr. Ajay Kumar

Name of the Event: Workshop

Convener: Rahul Mittal

Day & Date: Saturday, 18/01/2020

Venue: Multipurpose Hall, TIAS, PG Building, Delhi

Topic: Workshop on Camera, Light & Sound Equipments

Resource Person: Mr. Rahul Mittal, Mr. Sagar Ahuja, International Fashion Photographer; Mr. Vikrant Sharma, APS Lokshabha Speaker and former Sports Photographer; Dr. Ajay Kumar, Director, TIAS.

Participants: Students of BJMC Sem. 2nd, 4th & 6th (50)

Objectives:

- To develop understanding of how a Camera works
- To develop the aptitude for photography
- To develop the need for specialization in photography (Fashion, Sports etc.).

Report:

All the Students of BA(J&MC) who participated in the workshop learnt the working of Camera; its parts (aperture, shutter, filters, lenses), lighting (natural and artificial) and different situations (in empty room, filled with properties, outside locations etc.).

The upcoming photographers were very in a great enthusiasm after meeting Mr. Sagar Ahuja an International Fashion Photographer and Alumnus Tecnia (BA (J&MC)-2013). He has shot the Indian & International models which he showed to the students and also told the story behind shooting (behind the scene). He shared his experiences from taking the first picture to the shoot of International Models and other tips of the Fashion Photography. He also told students to take criticism as praise because the experts have very little time to teach the photographer.

Mr. Rahul Mittal & Mr. Sagar Ahuja asked students to take a photograph with the senior students (4th and 6th semester) as their mentor and to show them after half an hour for the discussion. The students clicked the photographs and then the photographs clicked were shown to all the students. The students were told the rules of photography (third's rule, composition and other rules). Mr. Sagar also told the students that the Top left portion of any photograph as this portion is the main part of the photograph because our brain's left side is considered to be most creative.

Mr. Vikrant Sharma told students about the sports photography. How to start photography in sports and from where? He told students to start with the street cricket or any sports from the scratch. He told the students to start with the sports like golf, polo, hockey etc. He said that cricket photography is very difficult to start with because no photographer is allowed to take the photographs in the cricket stadium. He told students to start with golf, polo, hockey and will give the chances to them for the photography.

Ms. Himanshi Raghav telling her and her friend's success story in Tecnia and as Intern in India News

Mr. Rahul Mittal announcing the date of Photowalk 15 Feb 2020

Dr. Ajay Kumar told the students to make a routine so that they can spend 10000 hrs in the work they like then and then only they can become master that work. The work can be photography, designing, anchoring or can be anything. He gave the examples of Lata Mangeshkar and Sachin Tendulkar who have spent their life in their field to master their skills in singing and cricket respectively.

Mr. Rahul Mittal told the students that there is a way to be a successful photographer even if the competition has become 500 times more in 10 years. The key to success is the practice and take criticism as award and reward. If you cannot take criticism as award then you cannot succeed because now-a-days there are no experts who have time to spend with you. And if someone is giving their time to you, you have to take their advice as reward to improve your skills. You have to be creative and discover something new every time that will lead you to success.

In Group Photo after the workshop Mr. Ashok Verma, Tecnai TV, Dr. Ajay Kumar, Director TIAS, Mr. Vikrant Sharma, APS Lok Sabha Speaker and former Sports Photographer, Mr. Rahul Mittal, Asso. Prof. TIAS and Narender Bisht (from left to right) and students on the back

Learning Outcome:

1. Students will be able to know about the working of Camera.
2. Students will be getting aptitude for photography.
3. Students will be able to learn about the specialized Photography (Fashion, Sports etc.)

Limitations

1. Lack of support from the Students.
2. Lack of interest in the participants for photography exhibition.

Recommendations and Suggestions

1. More and more students should take part as they learn to use sense for photography.
2. Student must be motivated for the events like the workshops
3. Attendance part must be considered for the participants during their practice.
