<p>Report: Description in (min 250 to max 800 words)*</p>	<p>A session was organized on 21.09.2023 under the ambit of Capability Enhancement Scheme on the topic 'Job Opportunities after BCA'. The resource speaker for the seminar was Dr. Nivedita.</p> <p>She said that BCA program allows the students to build their skills in all areas of business that is, Technical Analyst, Data Scientist, Web Developer, Software Developer Trainee, Banking Sector, and Information Technology. A student with domain knowledge skilled with leadership along with competency skills is a right for contemporary jobs. A student who graduates out of a BCA course can choose any field or domain and can excel in it. BCA courses also help develop competency skills among students and it has become a hugely popular choice.</p>
	<p>She informed the students that after doing BCA course the offered salary in India can range between INR 2 and 10 LPA reaching up to 30 LPA in some cases as per Glass door depending on various factors like interpersonal skills, a field of specialization, and proficiency in it. She further said that often BCA jobs salary per month is be a bit low initially for fresher but soon as the candidates gain relevant experience and knowledge, their salary is also raised.</p> <p>She discussed that the BCA salary in India also depends on the type of sector one chooses to work in software developers &amp; system analysts,, network administrators, IT project managers, Manufacturing industry, Fintech, Manpower Resourcing, Consultancy, Software industry, Telecom, IT etc. and the job designation like Blockchain Developer, Cyber Security Expert, E-commerce Executive, Software Developer Trainee, Data Analytics, Digital Marketer, etc. She emphasized that after completing BCA a student can go to any sector and at any profile depending on their domain proficiency and job competencies. The one hour session was very interactive and was well received by the students.</p>

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A session on Networks Bulls- Networks Understanding its Basics, Scope &amp; Opportunity was organized on 22.09.2023 for the students of BCA program under the ambit of Capability Enhancement Program. The speaker was Mr. Sandeep Kumar , Network Trainer at Network Bulls Cisco Certified</p> <p>The speaker informed that ethical hacking is a rapidly growing field with a wide range of career opportunities and said that ethical hackers are employed by organizations of all sizes to help identify and fix security vulnerabilities in their systems and network where they play a vital role in protecting organizations from cyberattacks and data breaches. He informed that the ethical hackers are often employed as Penetration testers, Vulnerability assessor, Information security analyst, Security analyst, Security Engineer and Security consultant. Apart from these specific jobs, ethical hackers may also work in a variety of other roles, such as: Software developer, Network engineer, Security manager, Security researcher etc. He said that ethical hackers are in high demand, and the job market is expected to continue to grow in the coming years. He informed the students that to become an ethical hacker, a strong understanding of computer systems and networks, as well as security tools and techniques are required. Later he discussed tools for ethical hacking and demonstrated with examples. The one hour</p>

	session was well received by the students.

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A session on SWOC-Analysis: How to gain a competitive Edge was organized on 25.09.2023 for the students of BCA program under the ambit of Capability Enhancement Program. The speaker was Dr. Nivedita.</p> <p>The resource person stated that the process of conducting a SWOC analysis fosters self-awareness of both strengths and weaknesses, leading to better decision-making. Students will develop critical thinking skills to analyze internal and external factors and formulate effective strategies. Also it encourages a data-driven approach to decision-making, considering both internal capabilities and external influences.</p> <p>Lastly, the resource person stated that the SWOC analysis session empowered participants to gain valuable insights into their internal strengths and weaknesses, as well as the external opportunities and threats they face. By leveraging the SWOC framework and developing strategic plans based on this analysis, participants can gain a competitive edge in their respective fields.</p>

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A session on SWOC-Analysis: How to gain a competitive Edge was organized on 27.09.2023 for the students of BBA program under the ambit of Capability Enhancement Program. The speaker was Dr. Nivedita.</p> <p>The resource person stated that the process of conducting a SWOC analysis fosters self-awareness of both strengths and weaknesses, leading to better decision-making. Students will develop critical thinking skills to analyze internal and external factors and formulate effective strategies. Also it encourages a data-driven approach to decision-making, considering both internal capabilities and external influences.</p> <p>Lastly, the resource person stated that the SWOC analysis session empowered participants to gain valuable insights into their internal strengths and weaknesses, as well as the external opportunities and threats they face. By leveraging the SWOC framework and developing strategic plans based on this analysis, participants can gain a competitive edge in their respective fields.</p>
<p><b>Recourse Person Profile</b></p>	<p>Dr. Nivedita.</p>

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A session on Career Orientation Session Full Stack Development was organized on 05.10.2023 for the students of BCA program under the ambit of Capability Enhancement Program. The speaker was Mr. Shubham Kothawade, Program Manager, upGrad</p> <p>The speaker while discussing scope and opportunity of Java and Full stack development said that, Java is one of the most widely accepted programming languages among developers, owing to its speed, security, and reliability and Its versatility has led to extensive applications across industries, including big data, banking, retail, and stock markets. He further emphasized that the demand for Java developers is projected to continue rising with a big number of devices using Java across various platforms and its extensive adoption in big data, AI, VR/AR/XR, and more. He said that the demand for Java full stack developers will persist for maintaining and developing new Java applications and owing to its ease of use, robustness, and scalability, it would be a top choice among developers.</p> <p>The speaker informed the students that a full stack developer creates applications for software's Front-End (client) and Back-End (server) development and understand frameworks along with tools for designing user interfaces (UIs) and managing application states, databases, and APIs. He told the students that for front-end skills one should learn HTML and CSS, JavaScript, Type Script, Accessibility standards and</p>

	compatibility etc. while for back-end Java development, understanding and practice of Java frameworks, Database management, Version control, Version control providers. Deployment mechanism, Application Programming Interface (API), Web Security and Caching is a must. The one hour session was well coordinated and well received by the participants.

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A seminar was organized on 02.11.2023 under the ambit of Capability Enhancement Program on the topic, 'How to do well in CAT &amp; GMAT'. The resource speaker for the seminar was Mr. Amit Poddar-Senior Regional Head- T.I.M.E</p> <p>The speaker made the students understand to develop a right career path for themselves and should plan what to do after BBA in sync with their goal. He discussed the scope and opportunities of MBA in India. The speaker stated that CAT, GMAT assesses the potential of candidates interested in applying to various programs of Masters and Doctoral. India takes CAT for the candidates who are interested in pursuing management education as a mandatory, while those who are interested for management education from abroad or in premier Indian b-schools take the GMAT and GMAT Score is accepted by more than 6000 programs approximately. He explained that profile building is very important for the candidates who are aspiring to get admission in premier institutions. He further elaborated that the skills tested on the three tests are those that the candidate has developed over a period of time, and that the skills tested on the three tests are by far the same, but the depth of understanding of concepts and the manner</p>

	<p>in which the concepts are tested varies from one test to the other. He exemplified by elaborating that writing skills are not tested in CAT, but GMAT and Analytical Writing (AW) section. The GMAT has one writing task has two writing tasks. He described The speaker discussed the mode of the tests, when it is held and who conducts. He also elaborated it is the pattern of the tests, the duration of the test, sections of the test and navigation permission, maximum score/score range, and the marking scheme. He also discussed about the preparation strategy for all the three tests. Earlier, Dr. Nivedita, welcomed the guest and introduced him to the students. The one hour session was very interactive. It was well coordinated and well received by the students. The webinar ended with a vote of thanks by Dr. Nivedita and feedback collection.</p>

<b>Report: Description in (min 250 to max 800words)*</b>	<p>A workshop on the topic Corporate Interaction, Bridging the Gap between Industry &amp; Academia; Workshop on Fact Verification to Combat Fake News, was organized on 24.11.23 under the ambit of Capability Enhancement Pogram. The resource Person for the workshop was Mr. Nimish Kapoor, Volunteer Trainer on Fact Verification. Mr. Nimish explained the importance of fact verification especially for mass communication students. He described the four big challenges for news media, Trust and Misinformation, Local News, Inclusive Journalism and Emerging Technologies. He elucidated the impact of mis- information and false fact that were broadcasted in news through various media with examples. The speaker said that one should not believe without verifying the authenticity of any news or information that come through various social media. He demonstrated various tools to check the authenticity of the facts,</p>

	<p>photo and videos like Google Scholar, Google Reverse Image Search, Rev Eye Reverse Image Search, You Tube Data Viewer, Invid, Watch Frame by Frame, Jeffrey's Image Data Viewer. He made the students aware that a close and fine observation on visual cues may reveal the minutest detail in videos and photos which can throw light on its time and context. He informed the students that any information related to health can be verified by visiting government trusted sites like WHO, CDC, ICMR, TIFR, Min of Health and Family Welfare, Vigyan Prasar etc. He stated various sites and organizations which work on news analytics and authenticate the news, like Vishwas News, Boom Live etc. He briefed the students about the scope of Fact Verifiers especially in media industry and told that various media group are hiring for it. He sensitized the students that they should always take photograph and video with Google tag on but he also warned the students not to divulge all details on social media, which they can achieved by following very simple modification in the media file. Latter the speaker inform the students about the growing opportunities and scope specially in the area of fact verification were students can plant their career.</p> <p>The one hour session was coordinated by Dr. Shaheen Bano. A total of 20 students participated in the workshop. Earlier Dr. Nivedita welcomed the resource person Mr. Nimish Kapoor and introduce to the students. It was an interactive session and was well received by the students</p>

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A seminar was organized on 19.02.2024 under the ambit of Capability Enhancement Program on the topic 'Counselling session for Career path after BA(J&amp;MC)' for the students of BAJMC. The resource person for the seminar was Dr. Shivendu Kumar Rai.</p> <p>He briefed the students about the importance of higher education along with scope and opportunity. He discussed that post BAJMC one can pursue either Diploma or PG courses in the area of Journalism, Graphics Designing, TV and Radio Production, Acting, Screenplay, Writing, Digital Marketing, Advertising, Event Management, Multimedia, Visual Media, Print, Broadcast, or MA or MSc in mass communication, film play, writing, film production or MBA in media management and many more either in India or abroad.</p> <p>He guided the students about the admission process which can be through merit plus GD/PI, or through an entrance test in India or abroad through application, Student's Profile, SOP, LOR, Score in IELTS/PTE/TOEFL, GMAT/GRE. He informed the students about the various reputations and colleges or universities of repute and their admission process. He advised the students to be ready with all the requisite documents and to appear for different admission and selection processes conducted by the university, depending on the admission policy of each individual college. He also informed that at some colleges admission takes place through entrance tests and the shortlisting is done by the cumulative performance in the entrance exam, personal interview, and/or group discussion, as well as their prior academic records. He asked the students to look for the courses and place before applying for the program especially while applying abroad.</p>

	and to prepare for the admission process to avoid last time hustle. It was an interactive session and was well received by the students

<p><b>Report: Description in (min 250 to max 800 words)*</b></p>	<p>A seminar was organized on 27.02.2024 under the ambit of Capability Enhancement Program on the topic 'Seminar On How to do well in verbal and Logical Reasoning(CAT 2024 Preparation)' BBA 2nd Year Students The resource person for the seminar was Mr. Sunil Dua Senior Regional Head in T.I.M.E. Verbal and Non-Verbal reasoning are more a demonstration of a student's cognitive skills than of his/her acquired knowledge. Testing a child's reasoning skills helps to assess students' ability to think critically, measure their aptitude, assess their capacity for information processing and problem solving. In short, it encompasses your ability to learn and process information in words and images. Verbal Reasoning measures students' ability to use language to identify and solve problems. It goes beyond formal literacy by testing wider reasoning and cognitive abilities. For example, children may be asked to identify words within words, solve basic word puzzles or identify patterns in words and sentences during tests. Other examples include finding one letter</p>

	to complete two words, or spotting the odd word in a group or naming synonyms and antonyms of particular words. Non-Verbal Reasoning deals with images and how we learn by interacting with them. Interestingly, people largely think in images, thus the ability to respond to and interact with visual imagery can be a good test for abstract thinking, creativity and complex problem solving abilities amongst others. Examples of tests students must complete include identifying odd shapes in groups, identifying inverted images, creating shapes with material, finding identical shapes in groups or identifying sequences in image arrangements. Earlier Dr. Nivedita welcomed the speaker in the seminar and introduced to the students and described the objective of the seminar. The one hour session was very interactive and was well received by the students. The seminar ended with a vote of thanks by Dr. Nivedita.
